Change in PCT International Fees, Effective Jan. 1, 1983 and Jan. 22, 1983

On Sept. 10, 1982 the PCT Assembly in its ninth session (sixth Extraordinary) held in Geneva, Switzerland, fixed new amounts for the various international fees set in Swiss francs in the Schedule of Fees annexed to the PCT Regulations, effective Jan. 1, 1983. The new fee amounts in Swiss francs reflect a 7 1/2% increase over the previous amounts. The US dollar amounts, however, reflect a slight overall decrease from the previous amounts.

Effective Jan. 1, 1983, for United States applicants filing PCT international applications in the United States Receiving Office the amounts of the International fees are as follows:

FEE	AMOUNT
Basic Fee (first 30 pages)	$265.00
Basic Supplemental Fee (each page over 30)	$ 5.00
Designation Fee (per country or region)	$ 65.00

The International Bureau has informed the U. S. Patent and Trademark Office that due to a more favorable exchange rate for the US dollar, the International Search fee for United States applicants who choose the European Patent Office as Searching Authority will decrease, effective Jan. 22, 1983, from the current level of $710.00 to $670.00.

The amounts of the Transmittal Fee and the Search Fee for the United States Patent and Trademark Office as a Searching Authority remain at the level established on Oct. 1, 1982 (See 1021 O. G. 11, published on Aug. 10, 1982). The amounts of these fees are as follows:

Transmittal Fee	$125.00
Search Fee	
U. S. Patent and Trademark Office as Searching Authority	
—No corresponding prior U.S. national application filed	$500.00
—Corresponding prior U.S. national application filed	$250.00

*Goal now includes mail processing and delivery time. A recent survey of mail delivery time for these services yielded the fact that the *average* amount of time required for one-way delivery is seven calendar days. Therefore the prior goal was increased by 14 days to reflect average time from mailing by requestors to receipt of copies.

IMPROVEMENTS TO SERVICES

- *Search Room Working Conditions*—New carpet has been installed in the Patent Public Search Room, the search tables have been rehabilitated, and the index files have been painted. A "quiet" area has been designated in the high-ceiling area of the Search Room. The public address/paging system, which is important to some search room users, has speakers now directed to only the low-ceiling area. It is hoped that this will reduce the noise for those who find it disruptive.
- For other improvements made in services, see the Official Gazettes for Oct. 26, 1982 and Nov. 30, 1982.

SECTION 1.—INTERNATIONAL CLASSIFICATION

The short titles associated below with the international class numbers are terms designed merely for quick identification and are not an official part of the international classification. The full names of international classes are given in section 6.1 of the trademark rules of practice.

The designation "U.S. Cl." appearing in this section refers to the U.S. class in effect prior to Sep. 1, 1973 rather than the international class which applies to applications filed on or after that date. For adoption of international classification see notice in the OFFICIAL GAZETTE of Jun. 26, 1973 (911 O.G. TM 210).
